

Cub Update

A NOTE FROM PRINCIPAL COUTURE:

Our first week of school has been terrific. There have been giggles and smiles, and proclamations of "this was the best day ever", which is what we want to hear from our eager little learners!

A few reminders:

1. You may have noticed that drop off/pick up can be challenging. We thank you for your patience as we get the kids and adults used to the routine.
2. If you are changing pick-up plans for your child, please make sure you call the front office to notify us by 2:30pm each day.
3. If your child has completed the Principal's Reading Challenge over the summer, please make sure you turn in the forms by Friday, September 30th.
4. From this point on, please plan to drop your children off at the front entrance between 7:45 and 8:15am. Parents will not be allowed into the building unless they are an approved volunteer.
5. For student safety, cars are not permitted to drive in the bus loading/unloading zone. Please plan accordingly.
6. If possible, students need something to drink with their lunches brought from home. Milk is available for \$0.60 if you'd like to purchase a drink.

NEXT WEEK

September 12 - September 16

MONDAY: Normal Day

TUESDAY: Normal Day

***PTO Meeting @ 7pm in CPS Library**

At this first meeting there will be discussion about the things parents want to see accomplished for the school year, as well as some general information about the Philomath PTO. What fund-raisers do parents want to do? How do parents want to spend the money in the account? What events/activities/projects do parents want to do? We hope to see you there! Your input and involvement is very important to the continued success of the Philomath PTO. Please bring another parent along with you. :-)

WEDNESDAY: Normal Day

OPEN HOUSE 4:30-6:00pm

THURSDAY: 1st Day of Hispanic Heritage Month

FRIDAY: Early Release Day @ 12:10pm

Hello Clemens Families,

This week in Physical Education class students learned the beginning class routine. Every day upon entering the gym they touch a poster that reads "Ready to Learn" located on the gym door then they touch their knuckles to mine like a fist bump, finally they walk to their assigned floor spot and sit criss cross and then class begins! Students were introduced to the class behavior expectations which is be safe, respectful and responsible. At the end of each class, I select two students who demonstrate safe, respectful and great effort to take home the "P.E. Star Certificate". In class we performed a few different movements around the gym and practiced the "ready position" on the freeze signal. The ready position is students get into an athletic stance, place hands on knees and eyes on me. We concluded class with the classic game Red Light Green Light. Remember tennis shoes on P.E. days! If you need to contact me for any reason email is best at nicholas.burnett@Philomath.k12.or.us.

-Mr. Nick Burnett
PE Teacher Blodgett/ Clemens Primary
